

Moldex3D Makes Great Contribution to TKU

【Hong-wei Lu, Tamsui Campus Report】 Tamkang University and Moldex3D Taiwan held the “Moldex Qualification Training and International Certification Center” opening on Jun. 7 in the Engineering Building. Executive Director of Moldex3D, Rong-yeu Chang, represented the company in donating 50 Moldex 3D Moldflow software programs, a value of 40,000,000 NT. In attendance was President Flora Chia-I Chang, Vice President of Academic Affairs, Huan-chao Keh, Dean of the College of Engineering, Chii-dong Ho, Director of the Department of Chemistry, Trong-ming Don and various related administrators.

President Chang expressed, “This institution will continue to strongly support academic-industry programs for the betterment of student’s futures through the obtaining of professional skills. I’m very grateful to Moldex3D for their generous donation of technology and software. I eagerly anticipate the results of our summer internship and graduate student programs.
