

NEW IDEAS TO PROMOTE ELECTONIC DATABASES: LIBRARY

英文電子報

TKU library recently designs a set of “electronic database” poker cards, and with four types of electronic databases—science and engineering, business, art and literature, and general databases—linking to four poker signs and accompanying with beautiful campus scenes.

The library expresses that the poker cards are issued with limited quantity, and freely given to students who complete the “Accomplishment Course of Technology Information” in this academic year. (~Peiling Hsia)
