

## The 2015 TKU-UoA Bilateral Workshop Comes to TKU

學校要聞

【Tamkang Times】 The Department of Computer Science and Information Engineering will hold the 2015 TKU-UoA Bilateral Workshop with sister school in Japan, the University of Aizu, on March 5th. The honored guests will include Vice President Zi-xue Cheng who will be accompanied by a party of four university representatives. Director of the Department of Computer Science and Information Engineering, Hui-huang Hsu, expressed, “This is a mutual learning opportunity for both universities where we will be able to research and plan on an international level.” The workshop will take place for 3 days in the Chueh-sheng International Conference hall and will cover publications, ideas, research and much more.
