

TKU Professor Travels to India to Give Lecture

學校要聞

【Hong-wei Lu, Tamsui Campus Report】 The Director of the Department of Computer Science and Engineering, Hui-huang Hsu, was invited to give a lecture at the IEEE SPIN-2016 Special Guest Lecture on Feb. 11-12 at Amity University in India. He was greeted by founder of the University, Ashok K. Chauhan. Hui-huang Hsu gave a lecture themed, “Recognizing Human Behavior via Smartphone Sensory Data.”

The Office of International and Cross-Strait Affairs plan to sign an agreement with Amity University to become sister schools in the near future. Hui-huang Hsu, represented TKU for this international exchange with the purpose of meeting and learning with Amity University’ s professors of Computer Science and Information Engineering. He expressed, “I’ m so glad that recently we have been recognized as an internationally-oriented academic institution. Now teachers and students are seeking out international exchanges in all directions.”
