

## In Appreciation of Chen-Rong Chian's Donation to Research, Aerospace Department Gifts Rocket Model

Campus focus

On April 23, Dean Tzung-Hang Lee (second from left) of the College of Engineering, accompanied by Chair Fu-Yuen Hsiao (first from left) of the Department of Aerospace Engineering, made a special visit to the Taiwan-Asahi Environmental Technology Co., Ltd. They presented a rocket model and a certificate of appreciation to TKU Elite Club President Chen-Rong Chian (third from left), expressing gratitude for his generous donation of 700,000 NT dollars from last year to this year, which supported the research and development funds for rockets and drones at Tamkang University, aiding in the advancement of aerospace research.
