

A CULTURE TOUR FOR TKU OVERSEAS CHINESE STUDENTS

英文電子報

A culture tour organized by the Overseas Chinese Student Guidance Section was held last Saturday 24/Dec that took over 38 overseas Chinese students (OCS) to go around some cultural and scenic hot spots in the Northeast tip of Taiwan. These places included Juming Museum, Taipower' s Second Nuclear Power Plant, and Fu-Kuei Chiao Lighthouse.

Such a trip is held every year around this time and is hugely popular among OCS. As Chen Hai-chui, a senior from the Department of Information Management, pointed out, it provides an exceptional opportunity to get to know Taiwan and other fellow OCS. (~Ying-hsueh Hu)
