

My Language Journey

學校要聞

On May 10, the TKU College of Languages and Literature held a special lecture at the Ching Sheng International Conference Hall, Tamsui Campus. The special guest was Mr. Sun Ta-chuan, the Chairman of the Council of Indigenous Peoples, Executive Yuan. Mr. Sun's talk was based on the theme "Language Resides in the Soul - My Language Journey", explaining the cultural conflict that inherently exists in language. The Dean of the College of Foreign Languages and Literature, Dr. Wu Hsi-Deh, said that through the lecture, he hoped that students could become aware of the importance of language in shaping people's attitudes toward a particular culture.

Mr. Sun said "the beauty of language is the sense of belonging it instills in members of a certain race or culture". He added: "I hope that, as aboriginal people, we are able to preserve and maintain our native culture".
