This year, after winning one gold medal and one bronze medal, Ji-Chien Yang expressed that he was overwhelmed with joy after learning of his consecutive victory in the individual kata event. However, he regretted not being able to secure the top position again. From this experience, he learned the importance of never underestimating any challenge. Due to a previous ankle injury, he devoted considerable effort to strengthening the

stability of his lower body during training, and he expressed gratitude to Coach Cheng-Hui Kao for his meticulous guidance. With summer approaching and an upcoming internship, this competition might be his final one. Despite the pressure to perform exceptionally, he was thankful for securing a medal and bringing honor to Tamkang University. He hopes future students will wholeheartedly engage in competitions and enjoy the moment's happiness.

The captain of the karate team, Wei-Che Hsu, expressed great joy at winning the gold medal again this year. Faced with everyone's expectations, he feared disappointing them with a loss. Po-Hsuan Wu shared that this was her last participation in the NIAG before graduation. She felt fortunate to represent the team in the competition. This time, the competition was thrilling, and she thanked her teammates for tightly grasping every match, leaving her with beautiful memories.
